

VERSATILE

ENHANCING YOUR TECHNIQUE

FLEXIBLE

INTEGRATION WITH ANY SETUP

SURVIVABLE

NO-COMPROMISE PREMIUM MATERIALS

The Invictus Practical AARM/S™ line of shotshell caddies was designed from the ground-up to be the best performing, most versatile, and highest-quality competition kit available at any price - period.

I believe the result is just that, and am proud to offer you my best, so you can make your best - better.

Thanks for your interest, good luck, and good shooting!

- Kevin Pratt, Invictus Practical, LLC

in·vic·tus *adj.*
LATIN: unconquered;
unvanquished

Out of the night that covers me
Black as the pit from pole to pole
I thank whatever gods may be
For my unconquerable soul.

In the fell clutch of circumstance
I have not winced nor cried aloud.
Under the bludgeonings of chance
My head is bloodied, but unbowed.

Beyond this place of wrath and tears
Looms but the horror of the shade;
And yet the menace of the years
Finds - AND SHALL FIND - me unafraid.

It matters not how strait the gate,
How charged with punishments the scroll;
I am the master of my fate:
I am the captain of my soul.

/ SYSTEM

OPTIONS

TAILORED TO **YOUR** DEMANDS

OPTIMIZED MOD_2.A

New **"TWO-POINT"** units attach to ELS or Tek-Lok at two points via an innovative adapter that provides a full 360° of rotation in 15° increments - combining unprecedented stability with extraordinary flexibility to meet your unique needs

MAXIMIZED MOD_1.A

Classic **"ONE-POINT"** units group multiple shell plates together to one Tek-Lok, TMMS, ELS or MLS via serrated lock washers, 10-32 screws, and nyloc nuts for max torque, adjustment range, and per-shell value

SIMPLIFIED MOD_0.A

Robust **"STRAIGHT / SQUARE"** units attach directly to your choice of Tek-Lok or ELS via two 18-8 stainless binding posts that will never, ever, rotate

EXPANDED 20 GA

Introducing the world's first purpose-designed **20-GAUGE** shell clips - compatible and interchangeable with all **1P** 12GA units
